

Supplemental Instruction

Mathematics Department SE Campus

MATH1314

ESCT3205 (Science Learning Center)

Monday & Wednesday 11:40 am-12:40 pm & 4:00 pm-7:00 pm

Tuesday 4:00 pm— 5:30 pm

Thursday 1:00 pm—2:00 pm & 4:00 pm— 5:30 pm

Friday 11:40 am-12:40 pm

Supplemental Instruction (SI) is an academic assistance program that utilizes peer-assisted study sessions. SI sessions are regularly-scheduled, informal review sessions in which students compare notes, discuss readings, develop organizational tools, and predict test items. Students learn how to integrate course content and study skills while working together. The sessions are facilitated by “SI leaders”, students who have previously done well in the course and who attend all class lectures, take notes, and act as model students.

Purpose of Program:

1. To increase retention in historically difficult courses.
2. To improve students grades in targeted historically difficult courses.

SI is a “**free service**” offered to all students in a targeted course. SI is a non remedial approach to learning as the program targets high-risk courses rather than high-risk students. All students are encouraged to attend SI sessions, as it is a voluntary program. Students with varying levels of academic preparedness and diverse ethnicity participate.
